Department of Defense Anti-Trafficking Accomplishments

2005: DoD was the first Federal agency to require training for its personnel, beginning with military members.

2006: DoD was the first Federal agency to require TIP Clauses in contracts, implemented through the Defense Federal Acquisition Regulation Supplement.

2007: Published the Department of Defense Instruction 2200.01, "Combating Trafficking in Persons (CTIP)" (updated it in 2010, 2015, and 2019).

2010: Launched the CTIP PMO website. Expanded mandatory CTIP general awareness training to DoD civilians.

2011: DoD was the first Federal agency to produce "Worker's Rights" wallet cards in multiple languages.

2012: DoD was the first Federal agency to establish a CTIP multi-disciplinary task force.

2013: DoD was the first Federal agency to publish a Strategic Plan for Combating Trafficking in Persons.

2014: The CTIP PMO established a CTIP Program Manager in Afghanistan. DoD developed specialized trainings for Acquisition Professionals and for Investigative Professionals.

2016: The Defense Advanced Research Projects Agency (DARPA) received the Presidential Award for Extraordinary Efforts to Combat Trafficking in Persons for the development of an anti-trafficking technology tool called "Memex."

2017: Status of Forces Survey reported 94 percent of the active duty members surveyed understood the U.S. Government's "zero tolerance" policy on trafficking in persons.

2018: The CTIP PMO and the Department of Defense Education Activity (DoDEA) released the CTIP Training for DoDEA school personnel.

2019: The CTIP PMO and Joint Knowledge Online developed a public service announcement about the nexus between TIP and gross violations of human rights.

Who We Are

The Combating Trafficking in Persons (CTIP) Program Management Office (PMO), located in Defense Human Resources Activity, is responsible for CTIP policy and training development and awareness, planning, resource management, and program evaluation for all of DoD. The CTIP Office ensures that the Services, Combatant Commands, and Defense Agencies have the necessary tools to prevent trafficking.

As defenders of peace and freedom, DoD will continue to take actions to stop this heinous crime until it is eradicated.

What We Do

Develop Policy:

The CTIP PMO is responsible for the development and updating of the Department of Defense Instruction (DoDI) 2200.01, "Combating Trafficking in Persons (CTIP)." The DoDI establishes policy, assigns responsibilities, and prescribes training requirements for CTIP.

Develop Training:

The CTIP PMO trainings provide an overview of TIP, signs of trafficking, key laws and policies, and reporting procedures.

The CTIP PMO offers a series of specialized trainings for various DoD audiences:

General Awareness Training for all military personnel

Investigative Professionals Training for DoD personnel who conduct inquiries, investigations, inspections, assessments, audits, or evaluations

Acquisitions Professionals Training for all DoD employees who are responsible for monitoring contracts, grants, and cooperative agreements

Department of Defense Education Activity (DODEA) Training for all DoD school personnel

Leadership Resource to help commanders and other leaders understand human trafficking and how to address it in their commands

Develop Awareness Materials:

The CTIP PMO develops awareness materials for distribution to DoD components and defense contractors overseas.

Materials include:

Wallet-sized cards in 10 languages that outline worker's rights and provide information on where to report suspected cases of TIP

Posters in 22 languages that describe how to recognize and report trafficking

PSAs that feature special topics including human trafficking as a gross violation of human rights
